

2019 Detroit Jazz Festival Electrical Order Form

Please complete the form for each location/truck/trailer/tent

Name of Food Vendor: _____

Telephone Number: _____

Please note that we will send out a Load-in Schedule for Wednesday, August 28, and Thursday, August 29, 2019. All Food Trucks and Trailers will be required to load in at the specified times on Wednesday. All Food Vendors in Tents will load-in on Thursday, Hart Plaza. Woodward loads-in on Thursday at designated times. If you are unable to meet these dates/times, please indicate the soonest date and time that you can load-in, and we will TRY to accommodate, but can't guarantee your assigned location will be easy to get to at that time.

Date & Time of Load-in: _____

ELECTRICAL EQUIPMENT – Please note that Electrical power will not be available until Thursday, August 29, 2019.

I plan to bring the following electrical equipment:

Description of equipment:	Qty:	voltage:	Watts:	Amps:
Example: Frigidaire deep freezer	1	110	?	9.6

- 1) _____
- 2) _____
- 3) _____
- 4) _____
- 5) _____
- 6) _____

TRAILERS/TRUCK: AMPERAGE: _____ **Volts:** _____

Type of Plug: _____

Total Length of Truck/Trailer (including Tongue): _____

Stock Truck: Length: _____ **AMPS:** _____ **Volts:** _____

Only 1 (one) truck allowed per vendor.

Most equipment has a manufacture plate that lists all of the information that is being asked above. From time to time though, either the watts or amps part is left off. If this is true in your case, then we will compute the missing category. However, **WE MUST HAVE THE VOLTAGE** portion of your equipment. If this information is still not available, then go to the plug on the end of the equipment and list what number is stamped on the plug. If the plug can connect to a standard wall outlet, then just make a notation that it is a standard Edison plug.
